Description	: Holding a Certified ScrumMaster® (CSM®) certification demonstrates knowledge and ability to support Scrum.

The CSM certificant:
● Adheres to Scrum as it is defined in the Scrum Guide
● Facilitates Scrum events and maintains Scrum artifacts
● Works to remove team and organizational impediments
CSM certification is a prerequisite for Advanced Certified ScrumMaster (A-CSM℠) and the first step in the journey to become a Certified Scrum Professional® ScrumMaster (CSP®-SM).

Certification Requirements
This certificant has:
● Participated in person for an educational offering (>16 hours) or coaching session (>25 hours) led by a CST®, CEC, or CTC covering established learning objectives
● Demonstrated knowledge of being a Scrum Master by passing a certification exam

Certificants must maintain their active status by adhering to renewal requirements, shown here: https://scrumalliance.org/get-certified/renewing-certifications (https://scrumalliance.org/get-certified/renewing-certifications).
